

**AUTOMATIC THREAD TENSION**  
The tension needs no adjustment normal sewing. The sewer is always assured of having beautiful stitches even if the thickness of fabric changes. It also can be adjusted manually when necessary.

**CONVENIENT STORAGE COMPARTMENT**  
This holds sewing feet, needles and a spool right at your fingertips. The horizontal spool makes the needle thread feed smoothly, creating an even tension.

**AUTO-DECLUTCH STYLE BOBBIN WINDER**  
Simply push to the right to wind the bobbin.

**⑭ AUTO-LOCK BUTTON**  
When stitches are selected, the machine will immediately sew locking stitches when the auto-lock button is pressed, then automatically stop. When sewing all other stitches, the machine will sew locking stitches at the end of the current pattern and automatically stop.

**⑮ REVERSE BUTTON**  
When stitches are selected, the machine will sew in reverse while the reverse button is pressed. If you press the reverse button when sewing all other stitches, the machine will immediately sew locking stitches and automatically stop.

**SPEED SETTING LEVER**  
You can set the sewing speed variably ranging from ultra low to high speed. The real benefit to you, is that you can easily and precisely control your sewing with full needle power. It is easier to sew around corners and curves especially on thicker fabrics.

**NEEDLE UP & DOWN**  
The needle always stops in the UP position for easy withdrawal of fabric and to prevent jamming. To lower the needle for pivoting, simply touch the needle Up/down button.

**FULLY AUTOMATIC SENSOR BUTTONHOLE**  
Merely set a button on the sensor buttonhole foot. The sensor then sets the necessary length, and the perfect buttonhole is automatically made in one step. There are five styles of buttonholes, square, round-end, keyhole and two decorative buttonholes to choose from.

**OTHER OUTSTANDING FEATURES**

- Handy fold-down carrying handle.
- Horizontal spool position for smooth thread feeding.
- Thread path is shown on the machine for easier threading.
- 3 step pressure dial is built in to cope with various kinds of fabrics.
- Lamp is built in for brighter sewing area.
- Strong needle penetration power from DC motor.
- Presser foot lifter.
- No lubrication is required.
- Twin needle key.
- Reverse stitch button.
- Self-Diagnoser. Memory Craft 4800 is equipped with a built-in Self-Diagnoser for quick and dependable servicing.
- Failsafe device - A failsafe device warns of any incorrect operation with an electronic beep.
- Soft and elegant with a pure white, smooth surface.
- Plastic hard cover is included.

**JANOME**

**CONVENIENT ONE-HAND THREAD CUTTER**  
The thread cutter cuts and holds your threads after sewing, avoiding tangled threads.

**BUILT-IN NEEDLE THREADER**  
Easy needle threading and less strain on your eyes.

**QUICK FOOT CONVERSION**  
Just lower the lifter and the sewing foot will easily snap into place. Removal is just as easy - one quick touch of a button.

**SFS (Superior Feed System)**  
7 piece feed dog supports fabric on all sides of needle - front, back, left, right. Provides smooth, consistent, pucker-free results on a wide variety of fabric.

**SEWING ON EXTRA HEAVY-WEIGHT FABRICS**  
Because of extra needle penetration power and a newly designed feed dog, any thickness or type of fabric can be sewn smoothly.

**SEE-THROUGH COVER PLATE**  
The amount of bobbin thread can be checked anytime with the see-through hook cover plate. The hook cover plate opens and closes at the touch of a button.

**TOP-LOADING HOOK SYSTEM**  
Jam proof, magnetic, top loading, full rotary hook system provides smooth, quiet operation... plus convenient bobbin insertion, removal and cleaning.

**CONVERTIBLE FREE ARM FOR CIRCULAR SEWING**  
The detachable sewing table easily lifts out of the way to reveal the free arm --so handy for sleeves, cuffs and hard-to-reach areas.

**EXTENSION TABLE**  
The extension table widens the sewing area and has a storage compartment for accessories.

**QUILTING GUIDE**  
The adjustable Quilting Guide teams with measurements on the machine bed to insure straight, parallel rows of quilting stitches... also great as a guide for regular seams.
