

the first ironing system for
more practical ironing

PREMIUM S3

LAURASTAR[®]
You deserve the best.

PREMIUM S3

the first ironing system for
more practical ironing

DOUBLE VOLUME

Double volume of extra fine steam, for a lasting result leaving no damp traces.

CONSTANT PRESSURE

A constant pressure of 3.5 bars produces 200 litres of steam volume per minute – the result is professional ironing quality.

EASY FOLDING – PATENTED

Foldable board with six height-adjustment settings for all ironing requirements.

PERMANENT IRONING

Removable 1.2-litre reservoir – uninterrupted ironing without waiting.

SAFETY BOX

Iron safety storage box, to keep the still warm iron well protected.

AQUA FILTER

NEW – Scale filter – ordinary water can be used and the iron's service life is extended.

FAST HEATING TIME

Super fast heating time in three minutes for immediate use.

COMPACT STORAGE

Easy-to-move system thanks to its two pairs of integrated wheels and its reduced size of 20 cm when stored.

life is more beautiful with the PREMIUM S3

No more waiting to fill up thanks to its removable water tank and fast-heating system.

Freshen up your clothes in seconds.

So user-friendly that anyone can use it, even your spouse.

It guarantees you a perfect look.

the unrivaled **advantages** of LAURASTAR

LAURASTAR professional steam – patented

The steam is diffused at a constant pressure which produces 200 litres of steam per minute, as recommended by ironing professionals. Heated once in the boiler, the steam is cooled and then reheated inside the iron: this is the unique LAURASTAR double-volume steam.

LAURASTAR professional soleplate – patented

The LAURASTAR professional soleplate is designed for the following three steps in ironing: (a) heating, (b) smoothing and (c) cooling the fabric. The fibres are thus fixed in a single movement for a lasting result.

PREMIUM S3

Steam pressure	3.5 bars (double volume)
Steam droplets	extra fine
Ironing time	unlimited
Heating time	approx. 3 minutes
Water tank capacity	removable, 1,2 litres
Electric cable	approx. 3 m
