SPATULA AND HOOK SET CASPHK1

The Brother ScanNCut Basic Tool Set gives you two tools. The ScanNCut Spatula will help precisely lift cut designs from the ScanNCut Cutting Mat with ease, given its thin, sleek metal shape. The angled shape of the spatula will help to minimize tearing and curling of the cut material. The ScanNCut Precision Hook Tool (weeder) is perfect for removing tiny cuts from paper, fabric, and other various materials. The hook (weeder) is also great for punching out negative pieces of vinyl and iron-on transfer material from the carrier sheet. (Note: Tip of metal hook is sharp.) It can be used many times.

- Premium quality, designed for use with cutting machines.
- Includes: Spatula and Precision Hook Tool.

SCRAPER CASCP1

Use this versatile tool to easily remove the cutout from your cutting mat or to apply cut designs to smooth surfaces and firmly secure them.

A great complement to the Brother Spatula and Hook set.

- Size: 3.9" (100mm).
- Made of durable plastic.
- Comfort grip design, rounded for a natural grip feel.

PRECISION TWEEZERS CATWZ1

These tweezers are perfect for almost any type of craft project, large or small. Great for removing pieces off a cutting mat or picking up beads for jewelry-making. It can also be used as a third hand with its "reverse" grip operation.

- Size: 4.8" (122mm)
- Precision curved tip, designed for smooth application and precise placement/removal.
- Comfort grip design.
- Made from durable stainless steel

4" BRAYER CABRY1

Perfect for securing material firmly and evenly to your cutting mat. It is also great for burnishing material, such as adhesive craft vinyl, onto smooth surfaces.

- Size: 4" (102mm).
- Smooth rolling operation.
- Soft rubber roller.
- Contour fit and durable, easy-grip handle.

For detailed instructions on the use and care of Brother accessories, please refer to the user manual.

**SIMPLY APPLIQUÉ
SABESSA**

Make superb custom appliqué from a huge selection of exceptional designs and creative options. You will love the way Simply Appliqué fully integrates with ScanNCut Home and Hobby Cutting Machines so you can easily cut out your appliqué with ultimate precision.

- Create appliqué files from native ScanNCut cut files such as .FCM or .SVG formats.
- Save appliqué designs as .FCM files to be used as cut data in your ScanNCut machine to then cut out as precise appliqué pieces.
