

### Optional Attachments

**Extension Table Set** Part No.40233733

Attaching the extension table expands your workspace. The included push pin makes sewing circles easy.

2-Needle, 2/3/4 Thread Overlock with Automatic Rolled Hemming and Differential Feed

## MO-80CB

### Standard Specifications

Number of Threads	2/3/4 Threads
Needles	ELx705 Size #14/90,#12/90
Standard Overlock Width	Right Needle/3mm-5mm Left Needle/3mm-7mm Rolled Hem/MIN 2mm
Stitch Length	1-5mm(Standard:2.5mm)
Differential Feed	0.6-N(1)-2.0
Presser Foot Lift	4.5mm
Sewing Speed	MAX 1,300spm
Weight	14lbs
Dimensions	12"(w) x 11"(d) x 12"(h)

**Universal Blind Stitch Presser Foot**

Part No.40131946

**Elasticator Presser Foot**

Part No.40233726

**Beading Presser Foot**

Part No.40131949

**Piping Presser Foot**

Part No.40131950

**Gathering Presser Foot**

Part No.40131948

**Taping Presser Foot**

Part No.40131951

Want a higher quality finish?  
Want the convenience of an easy-to-use machine?  
One machine meets those needs.

## Various functions for professional results.

### Differential Feed

Adjusting the differential feed allows you to sew beautiful finishes, even with stretchy fabrics such as knits and georgette. Adjustments can even be made while sewing.

### Cutting Width

Adjusting the position of the knife allows you to beautifully finish both overlock and rolled hem stitching.

### Foot Pressure

The presser foot pressure can be adjusted according to the fabric. Adjusting the pressure to lightweight, mediumweight or heavyweight fabrics allows you to sew beautifully.

### Free Arm

Removing the auxiliary bed enables free-arm sewing. This is convenient for sewing cylindrical pieces, attaching sleeves or hemming pants.

## NEW FEATURE: FREE ARM

Now with free arm capabilities attach sleeves, hem pants, and more!

## Simple, convenient and easy to use

### Adjustable Stitch Length

An easily accessible knob can be used to simply adjust the stitch length to between 1 and 5 mm, even while sewing.

### Lower Looper Threader

Threading the lower looper can easily be done by operating a lever.

### Lay-in Type Thread Tension Slots

Simply raising the presser foot and passing thread straight through the slot threads the tension disc. Even thick thread is easy to thread.

### Retractable Upper Knife

Since the upper knife can be raised by turning a knob, threading can be safely performed. Avoid cutting fabric by turning the knob that raises the upper knife.

Various stitch patterns are available for embellishing your projects

### 2-Thread Converter

The included 2-thread converter attachment easily converts the machine to 2-thread sewing.

### Bright LED Lighting

The workspace is brightly illuminated. The long-life, energy-efficient lights will not heat up, even after a long period of use.

### Automatic Rolled Hemming

Simply pulling a lever toward you easily switches the machine to rolled hemming.

### Thread Guide For Heavy Decorative Threads

The thread guide for heavy decorative threads allows you to enjoy decorating your projects with thick decorative thread as the looper thread.

### Waste Basket

A box for collecting the scraps cut off during sewing to keep the area around the sewing machine clean at all times.

### Handle

The attached handle allows you to transport the sewing machine with ease.

### Accessories

Tweezers, Screw driver, Brush, Needle threader, Flat blade screw driver, Thread guide, Oiler, 2-thread converter, Thread unreeling cap (4), Spool holder (4), Anti-spill net (4), Upper cutter, Needle set, Chip box, Dust cover

Accessories such as tweezers and a screwdriver can be stored inside the looper cover.
