

2700SZ

DIRECT DRIVE ROTARY SINGLE NEEDLE HIGH SPEED LOCKSTITCH ZIG-ZAG, DROP FEED

The Reliable 2700SZ self-oiling high speed zig zag machine has a rotary take up mechanism to ensure the finest quality zig zag stitch possible. Along with the unique tension device it allows the 2700SZ to reach speeds of up to 5000 s.p.m. and makes the machine suitable for a wide range of sewing tasks including applique, elastic and tape stitching.

Our most advanced Direct Drive Technology motor and control box eliminates the belt and provides the user with the ultimate speed control as well as needle up and needle down time functionality.

With the adjustment of a dial, you can choose between a 2 or 4 point zig zag stitch and the 2700SZ is equipped with a condensed stitch mechanism for improving the strength of the back tack.
