

THE BOARD 320LB

2-IN-1 HOME IRONING TABLE

The 320LB is the world's first and only 2-in-1 home ironing table. It was designed to provide maximum stability while still giving quilters and knitters an idea extra large work surface. The 300LB makes ironing clothes less work!

Not all ironing boards are made the same. We use traditional tube-frame construction and a galvanized metal mesh screen so your investment will last.

Our new Vera Foam ironing board cover with Conex heat resistant zone is our most advanced cover yet. The breathable, light weight memory foam cover introduces our advanced Vera Foam technology. Paired with our Conex heat resistant safe zone to over 700°F, our new cover helps deliver the perfect ironing experience.

THE BOARD 320LB

2-IN-1 HOME IRONING TABLE

VERA FOAM

Our in-house product development team has introduced a memory foam technology that is **breathable, light weight,** and delivers the **smoothest** ironing experience.

CONEX HEAT RESISTANT ZONE:

Conex allows you to place your iron on the board with no worries. This safe zone is heat resistant to over 700°F and is a flame retardant.

Simplify your ironing experience with a Conex Heat Resistant Zone.

With innovation at the forefront, Reliabe has developed and designed the first ironing table and pressing board with our advanced **Vera Foam** Technology.
