

4100IS

2.2L PROFESSIONAL STEAM IRON STATION WITH ECO MODE

Introducing Eco-Mode in the all new 4100IS steam iron station. Eco-Mode will save you up to 33% in energy costs by reducing the energy consumption when the boiler is not being used. Smart for your wallet and smart for the planet.

The 4100IS has an absolute capacity of 2.2L, uses our new external heating element system to optimize the amount of steam available to use and has an operating pressure of 3.5 bar / 50 P.S.I. for maximum ironing efficiency. The professional cork handled iron, made for tailors, seamstresses, sewists and garment production uses our exclusive 32 steam chamber design to prevent condensation and provide dry steam.
