9. Zipper Insertion: Use the cushion back pieces 2 – 11" x 22" (28 x 56 cm) dark grey satin. Thread your sewing machine with sewing thread in the top and bobbin, attach the invisible zipper foot and select a straight stitch.

10. Open the zipper and place the right half of the zipper onto the 22" (56 cm) right cushion back piece, with the right sides of the zipper and fabric together. The coil should lie on the ¼" (6 mm) seam line, starting 5/8" (1.5 cm) below the upper edge of the fabric. Pin in place. The bottom of the zipper will extend beyond the fabric.

11. Carefully press the teeth slightly to the right and lower the zipper foot, so that the coil lies in the groove to the right of needle.

12. Starting at the top, sew the zipper in place, stopping at the end of the fabric. Tie-off the end of the seam. Close the zipper.

Open the zipper enough to turn the cushion through **after** the back and top is sewn together.
